Re: Exit Alarms- Runner Prevention

Date: 8/15/14

Please be advised that Exit Alarms should be activated as soon as the first bell has rang at your campus and remain activated till the end of the school day. If that door needs to be opened by staff for school business, that exit way must remain monitored to ensure that students do not exit.

Please communicate with all teachers in area of the function of the exit alarms so that a quick response is set forth in case of alarm being set off.

Please test the alarms at the beginning of each semester since they work off batteries and can run out quickly.

If you have any questions or concerns, please advise.
